

MY-2 AC YOKE

Portable Yoke

Compliant with ASTM E709, ASTM E1444

≥68N

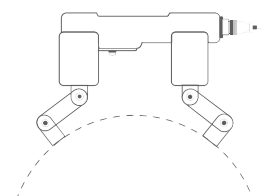

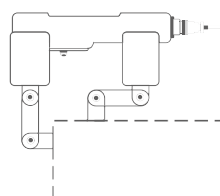

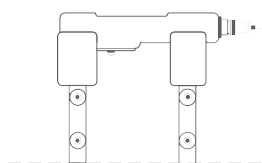

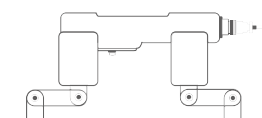

Portable

CE/RoHS

AC Type

Durable

Waterproof:IP54

Product Introduction

- The MY-2 is the most durable and sturdy Yoke in the MY- series. It features a highly reliable omron trigger switch, rugged rubber encasing and waterproof rating of IP54.
- The tool is capable of up to 68N of lifting force .
- Its small size and its adjustable poles also makes the MY-2 ideal for inspection different geometrics, welds, castings and tight areas that are hard to access. Its lightweight and ergonomic design not only enables you to perform single hand operations, but also longer inspections without fatigue.

Model		MY-2
Power		AC 220V,50Hz
Working Current		AC 2.5A
Lifting Force		≥68N
Duty Cycle		50%,max on time is 30 seconds
Leg/Pole Span		50-195mm
Ingress Protection		IP54
EN/CE		CE/RoHS
Length	Cord	3m,detachable
Weight	Yoke	2.3kg
	Yoke+Box	4.0kg
Dimension	Yoke	220(L)*175(W)*42(H)mm
	Packing Case	280(L)*260(W)*160(H)mm
Kit		Yoke 1 pcs, Power Cable 1 pcs, Packing Case 1 pcs, Operation Manual 1 pcs, Certification 1 pcs
